LET EVERY CORNER SPARKLE

String is specially optimized for Christmas trees, offering richer colors and more dynamic patterns than regular light strings — making your tree the true star of the holiday. With multiple length options, String also adapts beautifully to gardens, balconies, fences, and rooftops. From cozy corners to wide-open spaces, it's the go-to choice for creating vibrant, magical displays.

COLOR YOUR MOMENTS, LIGHT UP THE MOOD

With 16 million RGB colors to choose from, String lets you create the perfect glow for any occasion. Explore a wide range of dynamic lighting effects — from gentle fades to energetic bursts — or let your lights dance with the beat through immersive music sync modes. Whether it's a quiet night or a festive celebration, String turns every space into an experience.

LIGHTS THAT DANCE WITH YOUR MUSIC

String features a collection of music-reactive light modes that bring your tunes to life. Whether it's soft melodies or pulsing beats, the lights respond in real time — creating a fully immersive sound-and-light experience. Perfect for parties, chill nights, or just adding a touch of rhythm to your space.

SMART CONTROL RIGHT FROM YOUR PHONE

The String app puts total control in your hands. Change colors, switch effects, adjust brightness, schedule timers, group multiple strings, or activate music sync — all with a tap. Designed to be intuitive and playful, the app makes lighting setup effortless, so you can focus on enjoying the moment.

THREE LIGHT HEAD STYLES, ENDLESS DECORATION POSSIBILITIES

Whichever style you choose, String brings your lighting ideas to life — beautifully and effortlessly.

Classic Bullet

A timeless shape with focused brightness, perfect for traditional holiday decor.

UV Resin Drop

Cost-effective and highly water-resistant, with a smooth finish and soft glow — ideal for outdoor scenes.

Molded Shell

Sleek and minimal with a modern look. Customizable in shape and perfect for contemporary festive setups.

About us

LinkedSparx is a LED lighting technology company that strives to push the boundaries of smart LED technology and transform ordinary home lighting experiences into more innovative ones. Smart products should provide personalized options for different types of users, while effortlessly creating an enjoyable experience that suits their needs. With this philosophy, we constantly explore the balance between the application of new technologies and user experience, and have launched a series of smart holiday decorative lights, desktop ambient lights, and other products.
